As a user interface engineer, I help teams create innovative and user-friendly digital products. I have over 10 years of experience in web development and design, working with cutting-edge technologies.

My mission is to deliver high-quality and responsive web interfaces that meet the needs and expectations of clients and end-users. I enjoy collaborating with other developers, designers, and stakeholders to ensure the best possible user experience and usability. I am passionate about learning new skills and staying updated on the latest trends and best practices in the web development industry.

- Wix

Honours & Awards

NSBM Software Competition – Winner (2014)
Issuer: National School of Business Management & Ministry of Youth Affairs and Skills Development, Sri Lanka

The NSBM Software Competition was open for NSBM students in teams of 4 to 6. Students were encouraged to form groups with multidisciplinary backgrounds. The NSC seeks to explore the abilities of graphic design, usability design, web development, and software engineering aspects of the NSBM student population.

Participating students are provided with special training programmes to sharpen their knowledge and skills. NSBM expects to grow NSC to the national level in the forthcoming years.

Best Sri Lankan Website – Merit Award (2015)
Issuer: LK Domain Registry
Category: Travel & Tourism [Tamil]

LK Domain Registry has conducted the BestWeb.LK competition annually since 2009. The participants in the competition will be judged on both creativity and technical achievement.

The Panel of Judges, comprised of industry experts with broad web expertise and the ability to spot talent, will be responsible for judging the unique and innovative websites. The general public can also contribute by voting for their favourite website.

Business Excellence Award – Best Team (2022)
Issuer: Embla Software Innovation
Category: Best Team of Year 2022

This annual award is for the best combination of talent, skills, and attitude that add up to great performance and was awarded to Team Dharma as the company's best team of the year 2022.
